Global Preparatory Academy is an Indiana public charter school operating under a 7-year charter. Established in 2016, the school was approved to serve grades K-8, with a current enrollment of 814 students for the 2025-26 academic year. Following completion of the project, Global Preparatory Academy and its authorizer will establish a new charter agreement for a middle school (grades 6-8) which will be housed in the new facility (resulting in two separate charter agreements—one elementary school and one middle school). Combined enrollment at the elementary and middle schools is expected to reach 870 students by 2027-28.

In October 2025, Ziegler served as underwriter to close a \$14.94 million bond issuance, allowing the school to begin construction of the new middle school facility totaling approximately 39,400 square feet. The planned middle school, set to open in Fall 2026, will feature a dual language curriculum that includes flexible learning spaces, a science lab, an auditorium, and a kitchen.

“Working with Ziegler was a true partnership. Their financial insight, responsiveness, and deep understanding of our goals helped us secure the resources needed to bring our middle school expansion to life. We could not have asked for a more committed team.”

– Dr. Mariama Shaheed, Founder & CEO  
Global Preparatory Academies
